

Jammertest Forum 2026

The organizers of Jammertest, in collaboration with The Nordic Institute of Navigation, invite you to a seminar where previous participants will share experiences and results from Jammertest 2025. Attendees will also learn more about the test scenarios planned for Jammertest 2026.

Venue: Forskningsparken, Gaustadalléen 21, Oslo

Time and date: 19th of March 2026, 09:30 – 16:30

At the seminar we will hear from the organizers of Jammertest and what they have in store for Jammertest 2026. Two Norwegian reports on the importance of precis PNT will be presented, and we will also get a key note from Ramsey Faragher from the Royal Institute of Navigation,

We will then dive into results and findings from Jammertest 2025. We have already secured some presenters, amongst them the ESA, Septentrio, Stanford/Boulder Universities, Eurocontrol and Kongsberg Discovery.

We will provide coffee upon arrival and lunch.

Register to participate and/or register to share results here:
